

Other Tax-Deductible Donation Opportunities:

We ask that you consider these other donation options for yourself, or share this with anyone who may be interested.

Invest in a Choir Member!

Invest in a choir member and bring arts to youth. Music is beautiful, meaningful, and it helps to ensure success in our children’s lives. Those of us involved with the Lawrence Children’s Choir believe that profoundly and donate our time and efforts to sharing the arts and performance excellence with each choir member.

Our beliefs are backed up by research. The Associate for the Advancement of Arts Education (AAAE) has reviewed nearly 400 studies in the arts, which provided compelling evidence that participation in the arts:

- Help to keep children in school and working to learn;
- Requires self-discipline, creativity and confidence to succeed-habits which stay with students and help them be successful in other areas of school, work, and life;
- Represents many ways of experiencing and understanding the world and helps to develop many types of intelligences.

Donations such as yours help offer scholarships to children who might otherwise not be able to be a part of our organization. They help fund our concerts so that we might perform for an audience even when ticket sales do not cover our costs. Donations make it possible to purchase music so that every child may have his or her own music folder and rehearse at home. Donations make it possible for local children to receive a world-class musical experience.
